

RE: Lauren Eagles Southern Peninsula Basketball Association Board Nomination 2023

My name is Lauren Eagles, and I would like to nominate as a Board Member for SPBA.

I began my association with Sharks Basketball over 35 years ago as a Domestic and Representative Player. Throughout my time at Southern Peninsula, I was supported and encouraged by many volunteers, coaches, and great people. I was privileged to have the opportunity to coach Domestic teams, Junior Sharks teams, referee, and ended my playing career as a player/coach of the Senior Women's Team. I look back on my time at SPBA as a player/coach as one of the most influential and impactful periods in my life.

I am currently the Assistant Principal at Rye Primary School, where I have worked since 2006. I have enjoyed seeing the impact SPBA and playing basketball has had for students at our school over the years. I directly see the influence community sport engagement has on the wellbeing of young people and the positive effect it can have on our children's future.

Last year I was proud to be appointed the U12's Red Boys Head Coach and look forward to further developing my coaching skills in an Assistant Coach role of the U14 Boys Program for the coming season.

I would be proud to be a contributor to the SPBA Board and would work hard to assist in the continual improvement of our great association.

Thank you for your consideration of my nomination.

Lauren Eagles
